The Big Green Legacy: Lesson 2

Level: Lower Primary

Instructions: Read the story and put the pictures in the correct order (1-5).

Our Changing Forest

Once there was a beautiful forest. It had lots of trees and happy animals.

People cut down the trees. The animals became sad, they had no food and no home!

Some kind children saw the sad animals. They felt worried, so they planted new trees.

Slowly, the trees grew. The forest was beautiful! The animals and the children were happy again.
